CW Paddlers,

The Perseid meteor shower was touted to be one of the best in years. Unfortunately, neither Lori nor I got up at 1AM to witness them. VHF-UHF should have been hopping with all the extra ionization. If you have stories, let me know!

The NA6M 444.525 IRLP-linked repeater has had NASA audio on since the launch of STS-118. NASA has extended the mission to evaluate and possibly repair damage to two heat tiles. It's been interesting listening!

The list of IC-7000 raffle ticket holders is now well over 100! Get yours today!

To fund the Radio RoundUp Dec 7-8, AARC is raffling an ICOM IC-7000 HF-6-2-70cm DSP allmode w/Separation Kit. Only 250 \$10 Tickets will be sold and winner need not be present to win. AARC Board members will have forms, mail-ins are accepted and Postmark dates and times will be used to determine order of tickets if we receive tickets that exceed 250. Refunds will be given to those >250. See the website for more info. www.austinhams.org/raffle_rules.html

The Austin Amateur Radio Club is committed to email address security and battling SPAM. We will do everything we can to assure mass-email addresses are suppressed (BCC'd) and that published email addresses will be "munged" upon request.

Unfortunately, the SwapNet Newsletter contains SPAM clues, causing certain ISP's automatic filters to take action and delete without recipient's knowledge or permission.

We also are firmly convinced that "Forward to everyone in your address book!" is a bad choice and repeat offenders should be (insert unprintable penance here).

www.AustinHams.org site has a nomination button for "Ham of the Month". Nominate and describe who -YOU- think ought to be AARC's next HOM.

If you like SwapNet Newsletter, the club repeaters, loaner hardware and other things AARC is up to, please join us and get involved!!

AARC dues can be paid or renewed online. It's now easier than ever to renew and/or join the AARC! www.austinhams.org/join.htm You may print out a .pdf and mail it in or use PayPal and join online.

If you're not an ARRL member, AARC will apply \$15 towards your AARC club dues if you sign up for first-time ARRL membership through the club!

Take advantage of dual signup, save money, join ARRL and AARC simultaneously!

Contact Don AC5YK@arrl.net or Jerry N5UJ@arrl.net for more details.

Please visit Austin Amateur Radio Supply- www.aaradio.com When you drop by the store, tell Johnny, Grace or Barbara you were referred by the AARC/N5MNM SwapNet newsletter. It might not help, but it couldn't hurt!

LCRA facility 3700 Lake Austin Blvd-

Exit MoPac (Loop 1) at the Enfield Road exit ramp and turn west onto
Enfield Road.

Continue along until Enfield Road ends in a T-Junction and turn left
onto Lake Austin

Boulevard. Immediately turn left again into the first driveway. It is
labeled " Oyster

Landing - Additional Parking ". Go up the drive to the fishing boat
and turn right into

that parking area. Turn right again and go down to the west end of the
lot and park

near the stone building that looks like a cafe.

Come inside and go back to the meeting room at the north end of the
building.

That is where you will be registering for the exam and taking the test.

The following is generated from a 2m voice "SwapNet" held every Sunday at 9PM on the 146.940 repeater in Austin, TX- an AARC/ARO tradition since 1974!

Newest postings appear near each list end, float up and expire after six weeks.

We'd like for this to primarily be an Amateur Radio Swap List. Items for sale should be Amateur Radio equipment or directly related. While computers and test

equipment are acceptable, a house or car with Ham gear in it does not "fit the bill"...

It should go w/o saying, but AARC assumes -NO- liability for 3rd party items.
Be sure to ask all pertinent questions before entering into -any- purchase.
Please feel free to copy or forward as you wish, giving proper acks to AARC.

Along with a short description of the item(s), be sure to include your name, callsign, phone number/email and an asking price.

Actual on-air Net participation is preferred but SwapNet Newsletter updates can be emailed to: n5mnw@arrl.net
